MANIFESTO

Safe Crossings Foundation is called to action by the suffering of grieving children. We feel a profound sense of unfairness, empathy and compassion when vulnerable young lives are torn apart by the death of a loved one.

Our vision is that all grieving children receive the emotional support they need. We are a leader in funding services that help grieving children and families in the Greater Puget Sound area heal and develop resilience. Our financial support allows specialized providers and programs to deliver anticipatory grief and bereavement services for children, including education, counseling, caregiver coaching and camp experiences.

We believe that happiness, optimism and a sense of connectedness are a better foundation for a child's development than anger, confusion, isolation, and worry. SCF specializes in restoration: while life will never be the same, we CAN work to restore a childhood that offers grieving youth a future with the joy, security and possibilities that all young people deserve.
