

## GET TO KNOW US

Safe Crossings Foundation (SCF) is called to action by the suffering of grieving children. We feel a profound sense of unfairness, empathy and compassion when vulnerable young lives are torn apart by the death of a loved one.

Our vision is that all grieving children receive the emotional support they need. We are a leader in funding services that help grieving children and families in the greater Puget Sound area heal and develop resilience. Our financial support allows specialized providers and programs to deliver anticipatory grief and bereavement services for children and families, including education, counseling, caregiver coaching and camp experiences.

We believe happiness, optimism and a sense of connectedness provide a solid foundation for a child's development. SCF specializes in restoration: while life will never be the same, we CAN work to restore a childhood with all the joy, security and possibilities that young people deserve.
